Covid-19 Resurgence: Given the current growth in the numbers being infected by COVID 19 – we all need to redouble our efforts to tackle the virus. This is an act of Christian love for one another and especially for those who are most vulnerable. Current scientific advice tells us we need to:

- Intentionally reduce the number of people we have contact with.
- Consistently implement social distancing.
- Engage in proper hand hygiene.
- Adopt appropriate respiratory etiquette.
- Wear face coverings as appropriate.

Thought: Every struggle you had in your life shaped you into the person you are today. Be thankful for the hard times that can only make you stronger.
